DOUGLAS A. BAXTER **Senior Consultant**

SUMMARY

- Over thirty (30) years experience as an apprentice/journeyman electrician, foreman, electrical contractor, electrical inspector, and National Electrical Code instructor.
- Licensed Electrical Contractor and Electrical Safety Inspector in the State of Ohio.
- Youngstown State University, Associate Degree Industrial Electronics, 1973.
- Member of International Association of Electrical Inspectors – Electrical Inspector General.
- Performs electrical safety audits and wrote various electrical safe work procedures for industrial facilities conforming to applicable OSHA and NFPA regulations.
- Has goal to “REDUCE THE NUMBER OF ELECTRICAL INJURIES TO PERSONS FROM THE USE OF ELECTRICITY THROUGH EDUCATION, ENFORCEMENT, AND COMPLIANCE,” making it a safer world for everyone.
- Performs on-site arc-flash hazard assessments that include initial data gathering phase for system studies as well as verifying existing power system one-line diagram drawings.
